

# 625 Photovoltaic panel price

## Overview

---

Due to limited data availability, we use the Global Price Index series reported by IRENA, based on pvXchange benchmark prices for modules sold in Europe. Historical prices have been adjusted for inflation using the World Bank's US GDP deflator. When you specify the JA solar panel 625 - 650W monofacial series, you're leveraging n-type MBB half-cell technology for up to 26% cell conversion efficiency and ultra-low LID. You'll see higher power yield and better low-light response thanks to reduced cell gaps, while a top-tier temperature. The QCELLS Q. 3/BFG 625W N-Type Bifacial Solar Module is a high-performance solar panel designed for commercial, industrial, and utility-scale applications. This module combines advanced Q. ANTUM NEO technology with bifacial design, delivering exceptional energy yield and efficiency. optimized mass-production process and materials control. It is one of. Get samples of US\$ 119/Piece !
