The after-sales service system for container houses is usually developed around their characteristics of modularity, disassembly, and long-term use, aiming to ensure product stability, extend service life, and solve various problems encountered by users during installation, use, and maintenance. How is your after-sales service?

We offer you the BEST folding container house for your needs. HSA is the leading global manufacturer of container house that combine R&D, manufacturer, sales, and service for folding residential containers, folding mobile rooms, folding mobile containers and folding. 20foot house can use tilt tray and forklift. 40foot house length is 11800mm so need longer truck. © Qualification Certificates: We provide prefab housing qualification certificates and project assistance, with material customization. Strong Stability: It adopts a reasonable mechanical structure design, such as the bottom foldable mobile container house framework, composed of a base frame, top frame, and columns, ensuring good structural stability and strength in both folded and unfolded states. It goes beyond the transaction and focuses on addressing any issues, concerns, or needs that arise during the implementation of the construction.
