

Are color steel photovoltaic panels a scam

Overview

Con artists use misleading sales tactics and lies to trick homeowners out of money and personal information. If you've received an offer for "free solar panels," it could be a scam. Always look for businesses you can trust - like Accredited Businesses using the BBB Seal. As more families consider solar energy improvements, dishonest companies exploit the fine print in solar panel. As solar grows in popularity, more scammers are targeting consumers. The scams vary, but here's the gist: someone claiming to be with the government or your utility company promises big savings on your utility bills from solar energy.
