

Boston Solar Storage Cabinet Low-Voltage Procurement Contract

Overview

Inclusive Quote Contracts allow the City to use a simplified process to procure higher values of supplies and services when purchased from small, local, disadvantaged businesses. View businesses that are owned by women, minorities, veterans, as well as those that are small or local. If you have any questions related to your vendor account or want to become a supplier with the City, Vendor. This initial RFP follows the state's 2024 legislation mandating the procurement of 5 GW of storage capacity by 2030. The exact release date for the Long-Term Contracts for Energy Storage Projects remains "TBD," though a tentative schedule in the draft suggests a public release of the RFP on July. Comprehensive overview and analysis of the upcoming Massachusetts RFP, including details on program design, monetization & incentives, participant requirements, and more. 3 gigawatts of energy storage capacity across four projects. This milestone marks the state's first major procurement under its ambitious 5 GW energy storage mandate set for the coming. Procuring a solar electric system is a process similar to purchasing a new HVAC system, roof, or comparable property investment.
