

Bulgaria s ultra-large capacity outdoor telecom cabinet

Overview

IPCOM produces a line of outdoor wall mounted Telecom Cabinets designed to accommodate low-power server nodes and other 19-inch telecommunications gear. These cabinets are usually made of waterproof, dustproof, and temperature-resistant materials. Built to withstand harsh environments and extreme conditions, our enclosures ensure optimal protection and peak performance for your critical equipment. Their modular designs allow you to scale and customize. Constructed to provide superior protection in all environments, ABS cabinet solutions offer maximum flexibility for customizable turn-key options that future proof growing networks. Given the compact wall-mounted format.
