

# Buy your own solar photovoltaic panels to get online

## Overview

---

If you're looking to buy your own solar panel equipment (maybe for a DIY solar project), online sellers like Amazon and wholesale resellers have some options. For a full installation, solar installers have "solar panels for sale" around the country. When you buy your own solar kit online, you'll easily save 30-50% or more! All backed by free lifetime customer support when you source a complete solar panel kit from Shop Solar -- get everything you need to go solar delivered straight to your door! All solar kits include all of the cables. Local pickup saves significantly: Choosing retailers with local pickup options can save \$50-\$200 per order while eliminating the 20% shipping damage risk that affects freight deliveries of solar panels. Rooftop solar panels are a great option to reduce your energy costs and environmental impact. Today, we offer a selection of commercial and home ready solar panel kits for. Where you buy your solar panels from or who you decide to contract with for installation will depend on your personal preferences, how you want to finance the system, and the type of system you want to install.
