

Can school bags be put into supermarket lockers

Overview

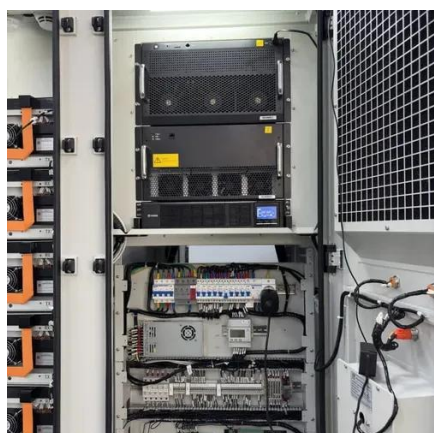

According to an article published by education association ASCD, this is legal because the dogs are technically sniffing the air around the lockers and backpacks, and not the items themselves. Such searches and seizures are generally protected due to concerns about student safety. Can school officials search student desks and lockers?

The scope of the school's power to search a specific student's locker or desk may depend on the school policy about who controls the locker or desk. In this case, the principal will have a reasonable belief that if he searches the student's bookbag, he'll find evidence that the student is breaking the law by possessing cigarettes under the age of 21 as well as school rules that ban cigarettes on school. Can they search our lockers and backpacks for no reason?

My school conducts random drug searches through our lockers all the time. Some students do have drugs in their lockers. I don't have drugs, but I have my. When it comes to backpacks in supermarkets, the policies can vary from store to store. Empty lockers will no longer be empty next year.

Can school bags be put into supermarket lockers
