

# China distribution switchgear in Uk

## Overview

---

Yes, CHINT offers advanced solutions for smart grid and renewable energy integration, including intelligent switchgear, energy storage systems, and monitoring solutions, to help customers optimize their distribution networks and embrace a sustainable energy future. Switchgear Support Ltd is a specialized manufacturer and service provider of high-voltage switchgear solutions, boasting over 40 years of experience. They offer a wide range of products and services, including upgrades, modifications, and site services, with particular expertise in medium-voltage. Recognised as a leading provider of electrical switchgear and power engineering solutions for the marine, oil & gas, healthcare, education, transport, defence and energy sectors, we combine technical expertise with cutting-edge technology to provide high quality solutions for critical power. Established in 1974, AF Switchgear specialises in the design, build and testing of bespoke LV distribution solutions. We have the building capacity, capabilities, and in-house expertise to meet all of your LV distribution requirements.
