China lithium ion power station

China Debuts Lithium-Sodium Hybrid Battery Storage Power Station

China has made significant progress in renewable energy storage with the unveiling of its first large-scale lithium-sodium hybrid battery storage power station in Yunnan Province. The Baochi ...

China's Green Leap: Hybrid Battery Station Powers 270,000 Homes!

China has officially launched its first large-scale lithium-sodium hybrid energy storage station in Yunnan Province, marking a significant step forward in its commitment to renewable energy ...

ENERGY STORAGE SYSTEM

Product Model
HJ-ESS-215A(100KW/215KWh)
HJ-ESS-115A(50KW 115KWh)

Dimensions
1600*1280*2200mm
1600*1200*2000mm

Rated Battery Capacity
215KWH/115KWH

Battery Cooling Method
Air Cooled/Liquid Cooled

China Launches First Large-Scale Lithium-Ion Battery Energy Storage

On October 10, 2025, China's first large-scale lithium-ion battery energy storage power station commenced operations in Guangxi Province. This project, which is located in the Nanning area, aims ...

China's 1st large-scale lithium-sodium hybrid energy storage station

China's first large-scale lithium-sodium hybrid energy storage station has been put into operation, capable of powering hundreds of thousands of homes, as sodium-ion batteries are

more ...

China flips switch on cutting-edge energy facility with incredible

A new energy storage plant featuring sodium- and lithium-ion batteries has opened in China's Yunnan province. The energy storage station, operated by China Southern Power Grid, is ...

New power system , China's first large-scale lithium-sodium hybrid

On May 25, China's first large-scale lithium-sodium hybrid energy storage station -- the Baochi energy storage station developed by CSG -- was officially put into operation in Wenshan ...

China Launches First Large-Scale Lithium-Sodium Hybrid Energy ...

The project is expected to help diversify and accelerate the development of next-generation energy storage in China. To date, lithium-ion batteries have dominated the country's ...

[China Launches Lithium-Sodium Hybrid](#)

Energy Storage

On May 25, China's first large-scale lithium-sodium hybrid energy storage station -- the Baochi energy storage station developed by CSG -- was officially put into operation in Wenshan ...

China's first lithium-sodium hybrid station produces 98% green energy

On Sunday, its first lithium-sodium hybrid energy storage station began operation, marking a major step toward hybrid battery storage at scale. Located in Southwest China's Yunnan ...

China launches world's first grid-forming sodium-ion battery storage plant

China launches world's first grid-forming sodium-ion battery storage plant The Baochi Storage Station in Yunnan integrates lithium and sodium-ion technologies at scale, a global first, ...
