

# Constant Temperature and Humidity Type Lead-Acid Battery Cabinet for Virtual Power Plants

## Overview

---

Exponential Power's Battery Cabinets & Enclosures provide durable, secure solutions for telecommunications and industrial applications. The construction characteristics of the recombination type lead-acid electric accumulators (valve-regulated hermetic accumulators); the absence of acid fumes and. This course describes the hazards associated with batteries and highlights those safety features that must be taken into consideration when designing, constructing and fitting out a battery room. It provides the HVAC designer the information related to cost effective ventilation. Ventilation systems must address health and safety as well as performance of the battery and other equipment in a room.
