

Cost of a solar panel system in Malta

Overview

Generally, a typical single phase 4.04kWp PV system would cost around €3,220 after government grant, with the average prices for solar panels systems ranging from about €800 to over €1,000 per kW of installed capacity, depending on exact specifications. Price based on €10,200 grant for new PV & battery storage. The Panta team has repeatedly proven that clients are highly likely to start seeing a return on their investment within five years. Because of smart investments in solar.

Why We Recommend It: This panel offers an impressive balance of durability and performance. Its rugged industrial construction with 36 high-efficiency polycrystalline cells ensures consistent energy output even in less-than-ideal sunlight. 15 Imp provide stable power, perfect. Malta is one of the sunniest countries in the world, making it a great place to install solar panels. But before you rush and install.
