

# Distributed photovoltaic combiner box supplier

## Overview

---

A complete list of component companies involved in Combiner Box production. Our DC combiner boxes offer users the possibility to integrate short-circuit and overvoltage protection, as well string monitoring solutions (I,V, T and SPD and switch isolator status), for PV systems using central inverters with PV panels in trackers and fix tilt systems. Each combiner box comes with advanced features including up to 1500V 400A UL Listed DC Disconnects. This distribution box boasts an IP65 rating, ensuring complete protection against dust ingress and low-pressure water jets from any direction. It is built to perform reliably in harsh outdoor conditions. We are particularly good at providing highly customized combiner box solutions according to your specific project needs.
