

# Does the photovoltaic bracket have a warranty Zhihu

## Overview

---

All our photovoltaic brackets come with a warranty. The length and terms of the warranty depend on the specific product you've purchased. If your bracket is still under warranty and you're experiencing a problem that's covered by the warranty, we'll do our best to resolve it at no. If all those 25 year warranties cover all office and on-site labor required to enforce the manufacturers warranty, then that's great! However, what happens in solar is that you have manageable failures (<1%) which installers cover. If. Here are two types of product warranties for the premium module brand. Recent data from SolarTech International shows 38% of warranty claims relate to mounting systems, not the panels themselves Is Your. When investing in solar energy systems, the warranty period for structural components like photovoltaic brackets often gets overlooked.
