

Doha new energy and energy storage subsidy

Overview

Qatar's government subsidy for commercial energy storage is rewriting the rules for Middle Eastern businesses. With 40% upfront grants and tax rebates for solar-linked battery systems, Doha's new policy could cut price per kWh by 60% - but only until 2024. Why are firms racing to lock in these. As Qatar accelerates its National Vision 2030 climate targets, Doha's updated energy storage subsidy policy has become the talk of the renewable sector. It is one of the largest producers and exporters of gas. The increase in energy consumption, including.
