

# Ex-factory price of folding mobile containers for research stations

## Overview

---

A 20', mobile storage container costs an average of \$1,000 to \$4,000. Volume discounts are available if you purchase multiple storage containers. They are being used by mobile storage businesses and self-storage companies throughout. Our Folding Container offers exceptional quality and style within the Storage Cage category. Wall thicknesses, window qualities, flooring materials, different insulation materials, doors in different structures, and more options affect the cost of the mobile foldable house. Vertisa Trailer produces the folding. How much do mobile labs cost?

Prices for new mobile labs generally range from \$100,000 to \$1,000,000, depending on the size, configuration, and specialized equipment included. Also known as bulk bins, they have wide bodies and strong constructions. Expand storage capacity without relocating using our modular solutions.
