

# GCL photovoltaic panel related information

## Overview

---

GCL is a Chinese solar panel manufacturer, a part of GCL Group founded in 1990. GCL solar panel's power output ranges from 380 to 680 watts, while their efficiency floats. Copyright © 2023 GCL-SI. GCL System Integration Technology strives to be the world's leading integrator of comprehensive energy systems. GCL targets at making PV-generated electricity affordable and inclusive for the public by its constant technology innovations in polysilicon, silicon wafers, cells, modules, system integration and photovoltaic power plants, continuous improvement of its management, regional layout and green energy. Chinese module manufacturer GCL SI - or GCL System Integration Technology, to be precise - is part of a larger conglomerate GCL Group founded back in 1990 and based in Jiangsu, China. The group has a diverse portfolio in many energy sectors, including wind, natural gas, and hydrogen power, storage. GCL, founded in 2008, is a solar panel manufacturer. With high-yield efficiency and long-term performance they are ideal for utility, commercial or residential roof-top installations.
