

Hanergy solar tile power generation efficiency

Overview

High energy efficiency, with some models achieving up to 20% efficiency. Customizable designs to match various architectural styles. Compatible with most roofing structures, making them versatile for new builds and retrofits. This is called Building-Integrated Photovoltaics (BIPV). The concept. Hanergy Tile double 85 test Put tile into a 85°C and 85% humidity test case, to verify the heat and humidity resistance of the tile. Made with dual-layer laminated packaging technology, Hantile embeds Hanergy's CIGS flexible thin-film solar. HanTile™ is an innovative unique solar tile that will enhance the appearance of your roof since unlike conventional solar panels HanTiles™ have a beautiful arched design that can blend with existing roofs and look more intriguing.
