

How is Yingli photovoltaic panel

Overview

Yingli is a high-quality, low cost producer of Panda monocrystalline and YGE polycrystalline solar panels. High efficiency PANDA modules are created from an innovative N-type cell technology. The panda lineup ranges to 300 watts with module efficiencies of up to 18%. Yingli Solar is headquartered in Baoding, China but they ship their photovoltaic (PV) products globally as well as throughout Asia, Europe, and the United States. Yingli Solar is one of the oldest renewable energy manufacturers and has been in business since 1998. Chinese engineers seem to really like bifacial modules: half of Yingli Solar products are panels with an active rear side which are called. Strong Recovery Story: Yingli has successfully recovered from near-collapse (2015-2020) to regain Bloomberg Tier 1 status and expand production capacity to 4GW, demonstrating resilience and renewed financial stability in 2025.
