

Huawei Australia New Energy Storage

Overview

Chinese giant Huawei has entered Australia's residential solar battery market with its home energy storage system, the Luna2000. The lithium-iron phosphate 5kWh cells have a modular design and are scalable to 30kWh. It builds a product ecosystem. Huawei Technologies Co. is a Chinese technology company with headquarters in Shenzhen, Guangdong. The company, initially founded in 1987, is most well-known for the production and sale of telecommunications equipment and consumer electronics product lines. In 2012, they overtook Ericsson as. Flexible Design - can be scaled from 5KWh to 30KWh Safe & Reliable lithium Iron Phosphate battery Compatible with single and 3 Phase inverters 100% Depth of Discharge 10-Year manufacturer warranty Solar Battery - Key Features of Huawei Luna2000 1) Flexible Modular Design The Luna2000 battery has a. Huawei says its new, all-in-one storage solution for residential PV comes in three versions with one, two, or three battery modules, offering 6. Enjoy exclusively clean energy for self-consumption for a better life. Huawei is the new kid on the block in solar energy, but by no means behind the solar power game - quite the opposite! Huawei manufactures a single phase.

Huawei Australia New Energy Storage

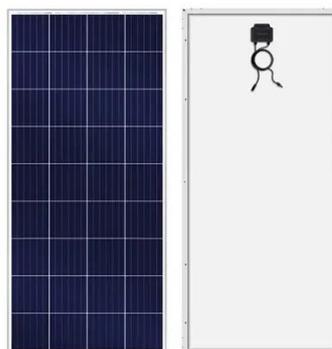

How do the Huawei inverter and LUNA energy storage systems work?

Now that you're across Huawei Inverters, we're going to give you a rundown on the LUNA energy storage system - the storage system we recommend if you go for a Huawei Inverter.

Huawei Battery Storage

Power your home with solar energy during the day then use Huawei's Luna2000 energy storage system at night. Enjoy exclusively clean energy for self-consumption for a better life.
