

JA Solar 410 Panel Price

Overview

All you need to know about the JAM72S10-410/MR solar panel including rating, cost, efficiency, and warranty terms. 144 Half-Cell Monocrystalline solar panel. 40mm clear frame, white backsheet. JA Solar's S10 Series modules are powered by high-efficiency PERCIUM mono cells. These modules include five busbar cell design, which improves low light performance. S10 module dimensions are slightly larger than the. Dual Model Strategy: JA Solar offers two distinct 410W configurations - the JAM72S10-410/MR (72-cell format) for utility-scale projects and the JAM54S30-410/MR (60-cell format) for residential applications, providing optimal sizing flexibility for different installation types. Assembled with 11BB PERC cells, the half-cell configuration of the modules offers the advantages of higher power output, better temperature-dependent performance, reduced shading effect on the energy generation, lower risk of hot spot, as well as enhanced. This time-tested legacy module series has been proven to be one of the powerful and most reliable products offered by JA Solar and the most popular choice by PV system installers and customers around world.
