

# Kosovo exports energy storage equipment

## Overview

---

Energy storage export companies in Kosovo are increasingly focusing on technologies like lithium-ion batteries and grid-scale systems to support regional energy stability. This article explores the market dynamics, key players, and emerging trends shaping this niche industry. 2024 - In the meeting held today, the Government of the Republic of Kosovo has approved the proposal of the Ministry of Economy (ME) for the establishment of Central Publicly Owned Enterprise Energy Storage Corporation (ESC) J. (Korporata e Ruajtjes së Energjisë (KRE) Sh. Kosovo has one of the world's largest lignite-coal reserves and it remains dependent on two depreciated and inefficient Yugoslav-era power plants which do not meet Kosovo's energy needs. Electricity consumption and peak demand in Kosovo grew more than 90 percent between 2000 and 2010, stabilized. The strategy includes battery energy storage systems of 170 MW in operating power and 340 MWh in total capacity. The share of renewables in the electricity sector is only 6.
