

Lesotho s solar module exports surge

Lesotho's solar module exports surge

Lesotho Solar Factory: The Strategic Gateway to the SADC Market

A solar module assembly plant in Lesotho easily meets these criteria, creating a powerful competitive advantage over modules imported from Asia or Europe, which would face import tariffs.

Lesotho

Overview Sub-Sector Best Prospects Opportunities Resources Contacts According to Lesotho's Department of Energy, Lesotho could potentially produce 450 MW in hydropower and several hundred more with wind power. However, only 17 percent of this potential is being exploited, 96 percent of it at the 'Muela hydro-power plant and the rest from mini hydro-power plants at Mants'onyane, Mokhotlong, Tsoelike, and Semonkong.
