

Longi 570W photovoltaic panel manufacturer

Overview

LONGi Solar is one of the world's leading manufacturers of high-performance modules. With state-of-the-art Mono-PERC and HPBC technology, their modules deliver maximum efficiency, long lifespan, and reliable yields – from residential rooftops to large-scale solar parks. At the key node of intergenerational transition of global Photovoltaic (PV) technology, the back contact (BC) cell technology is leading the new-generation PV technology paradigm revolution, becoming the core engine to drive industry cost reduction and efficiency improvement and realize energy. Longi Solar is one of the top solar panel manufacturers globally in the photovoltaic industry, renowned for its high - efficiency solar panels. The company is committed to innovation, with a strong focus. High Efficiency: Longi 570W solar panels have a high efficiency rate of up to 21.6%, which allows for maximum electricity generation even in low light conditions. Excellent Anti-PID Performance: The Longi 570W solar panels have excellent Anti-PID (potential-induced degradation) performance. With manufacturing facilities and sales offices in more than 150 countries and regions worldwide, including Asia, America, Australia, and the Middle East, Longi has established a strong reputation for its. Hi-MO6 Explorer LR5-72HTH-570M monocrystalline photovoltaic module with maximum output power of 570w, and maximum power warranty of 88.90% after 25 years features Simple design embodies modern style, Better energy generation performance, Suitable for distribution market, High quality module. We accept multiple payment methods, including TT (Telegraphic Transfer), Letter of Credit, Paypal, and Western Union, providing you with the flexibility and convenience to choose the one that best suits your needs. Could you send free sample?

Absolutely! Your sample fee will be fully refunded when.
