

# Madrid solar container lithium battery pack custom price

## Overview

---

The energy storage system is essentially a straightforward plug-and-play system which consists of a lithium LiFePO4 battery pack, a lithium solar charge controller, and an inverter for the voltage requested. Price is \$387,400 each (for 500KWH Bank) plus freight shipping from China. We use modelling simulation to optimize system design for delivering the best price performance for every customer use-case. Reference designs for Microgreen containerized storage solution Max. Whether you need a standard 18650 configuration or a. SHANGHAI ELECNOVA ENERGY STORAGE TECHNOLOGY CO. in 20ft Containers. Instead of buying a super big-ass pack to accommodate the occasional surge requirement, you buy a relatively smaller one for less and get the same surge capacity while meeting sustained output needs. Also, it's ideal for a mobile workshop!. Looking for a custom fit?

Connect this isolator in-line with 2 batteries - 1 that is charged by your alternator and another that connects to an outside source - and it will transfer power in either direction to keep both.
