

Makou Township Solar Power Generation

Overview

Download a map of our renewable energy projects. The Republic Solar project is just one project of several renewable projects that UPPCO plans to undertake over the next ten to fifteen years to meet Michigan's 2023 renewable and clean energy laws. Based on current modeled projections, UPPCO expects the initial bill impacts necessary to reach the. DTE is developing renewable energy projects across Michigan. Our projects create jobs, provide economic benefits to local communities and help protect the environment for future generations. We plan to add 8,000 megawatts of competitively bid, utility-scale solar power by 2040 — when solar power will comprise more than half of our electric capacity. 25, 2024 (GLOBE NEWSWIRE) -- DTE Energy (NYSE:DTE), Michigan's largest producer of and investor in renewable energy, today announced that its largest solar park, Sauk Solar, is now operational. It's a sight Lenhart does not find all that pleasing.
