

Photovoltaic panel scam company

Overview

If you've received an offer for "free solar panels," it could be a scam. Always look for businesses you can trust - like Accredited Businesses using the BBB Seal. Someone contacts you through email, phone, social media, or even in person pretending to be a solar company. Scams, schemes and straight-up fraud abound in the dark underbelly of an otherwise light-filled industry. Here are red flags to look out for when. While reputable companies can help you save money with clean or solar energy improvements, scammers offer more than they can deliver. To avoid getting scammed, you need to know what to look out for and when to walk away.
