

Platform with solar photovoltaic panels

Overview

Solar panels are positioned on FRP (Fiber Reinforced Polymer) platforms. Get a detailed real-time view of your entire fleet from a single, easy-to use platform. Track, manage and optimize the performance of multiple SolarEdge systems with smart tools which let you access the specific data you need. Streamline your operations and minimize system downtime with remote. HUAWEI FusionSolar advocates green power generation and reduces carbon emissions. It's an efficient solution than ground mounted solar farms.
