

# Price List for Waterproof Energy Storage Containers Used in Cement Plants

## Overview

---

Cement storage silos are on-site storage containers that used for the storage and distribution of various types of cement mixtures. What is an Industrial Energy Storage System?

An Industrial Energy Storage System is a smart energy management. When you need larger quantities of cement, Orteq offers two great ways to store cement on location: a four-tank field bin or a large, portable silo. The field bin is easy to transport and use, with a capacity of 400 cubic feet for each bin. The price of an energy storage container can vary significantly depending on several factors, including its capacity, technology, features, and market. Our containerized BESS has been deployed in over 200 projects globally, delivering reliable grid balancing, renewable integration, and frequency regulation.
