

Smart Uninterruptible Power Supply Price

Overview

Shop Staples' collection of battery backups and uninterruptible power supplies (UPS) to protect your data and technology. ENERGY STAR certifies electronics and appliances based on energy efficiency specifications set by the US EPA. Environmental Protection Agency (EPA). EPA sets energy efficiency specifications for manufactures to earn the ENERGY STAR label for. An uninterruptable power supply (UPS) is a type of backup battery that will continue to provide electrical power to the electronics that you have plugged into it even if electricity from your home outlets cuts out. Unlike a backup generator, it does not need to power up in order to start generating. UPS backups protect computers and prevent loss of data during power outages or brownouts. 3 Phase UPS power protection, solving today's energy challenges while setting the standard for quality and innovation with fully integrated solutions for enterprise-wide networks, data centers. Real experts are available 24/7 to help with set-up, connectivity issues, troubleshooting and much more. Most claims approved within minutes.
