

Solar Power Generation Teaching Materials Catalog

Solar Power Generation Teaching Materials Catalog

Solar , Education Materials

Our learning materials bring children and young people of all ages and all areas closer to renewable energies, because with our sustainable products they can explore and experience solar energy for ...

[Solar-Powered Classroom , Lesson Plan](#)

Could you power all the electronic devices in your classroom using solar power? Your students will find out in this STEM lesson plan.

BuildingsNEXT Educator Resources , BuildingsNEXT Student Design ...

The U.S. Department of Energy BuildingsNEXT TM Student Design Competition recommends the following free teacher resources to explore energy, building science, and solar energy in the classroom.

[Energy Lessons and Activities for Solar Education](#)

KEEP's solar energy lessons incorporate a variety of subject areas with easy-to-use, hands-on, minds-on activities. designed to promote energy literacy. diferent environments and investigate how ...

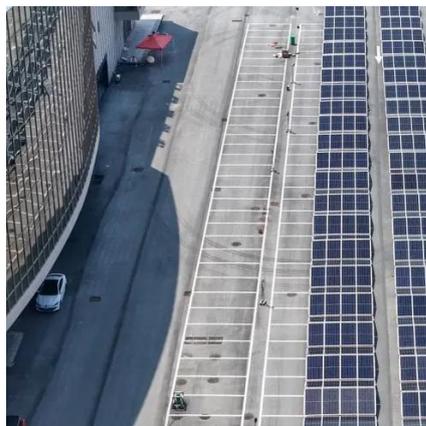

[Energy Lesson Plans & Teaching Materials](#)

Access energy lesson plans for community colleges, technical colleges, and high schools.

Energy Resources for Educators

Go to the Solar Decathlon site for education resources geared toward kindergarten through high school. These include energy efficiency and renewable energy curriculums, activities, and Solar Decathlon ...

For Educators - Classroom Resources

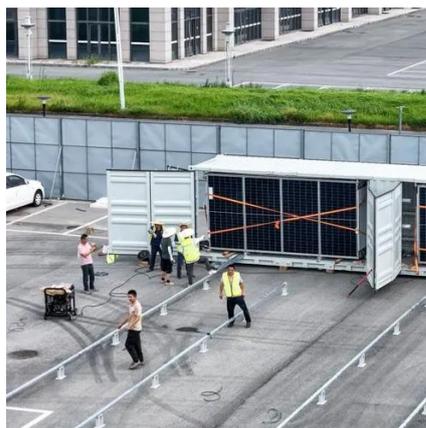

Bring the power of solar energy into your classroom with engaging, ready-to-use lessons designed to inspire and educate. From interactive STEM activities to real-world data analysis, these resources ...

[Exploring Solar Energy Teacher Guide](#)

We can capture solar energy with solar collectors that convert radiant energy into heat. Photovoltaic cells convert radiant energy directly into electricity. Concentrated solar power systems collect radiant ...

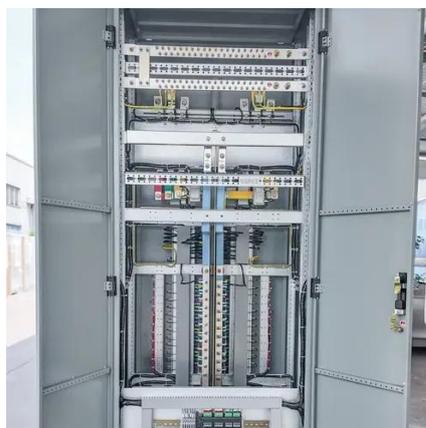

Schools Going Solar

Data driven lessons and activities to support and incorporate installed photovoltaic systems into the classroom learning environment.

[Solar Energy Curricula and Lesson Plans](#)

A collection of lesson plans, trainings, and solar curricula ideas for educators.
