

Solar water pump inverter manufacturer in Auckland New Zealand

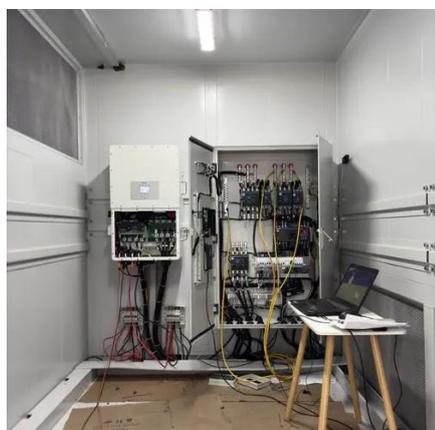

Overview

PowerSpout is the brand name of EcoInnovation NZ Limited. EcoInnovation has been manufacturing hydro turbines (and more recently high lift solar water pumps) for the past 20 years. Independent Power offers a wide range of high quality and durable equipment, including solar panels, mounting systems, solar controllers, inverter/chargers, pre-wired power conversion systems, micro-hydro turbines, system management and control, wind turbines, batteries, low energy refrigeration. Sungrow is a global leading inverter solution supplier for renewables with over 49 GW installed worldwide as of June 2017. Founded in 1997 by University Professor Renxian Cao, Sungrow is a global leader in research and development in solar inverters, with numerous patents and a broad product. Dedicated to optimal efficiency and delivering a complete solution, Able Solar uses and supplies Lorentz solar water pumps – a leading manufacturer and global leader in solar-operated pump systems. With the capability to pump to a head of up to 300 metres, it offers a cost-effective, energy-efficient solution that's easy to install and built to last. What is EPUMPNZ Solar Powered Water Pump?

Designed and built in Hawke's Bay, ePumpNZ is Isaac's complete solar water-pumping solution – ideal for remote, off-grid, and.
