

Sucre solar panel manufacturer

Overview

Socolco will be responsible for the construction of the plant developed by the Spanish-Canadian firm AAGES, which will have Spanish followers, and will market its energy through direct contracts. At least four photovoltaic (PV) panel manufacturers either scaled down operations or exited the region entirely. This trend raises questions: Was it due to policy changes, market competition, or environmental concerns?

Let's dive into the factors behind this transition., now officially known as Jinko Solar Holdings Co., was established in 2006 and is headquartered in Shangrao, Jiangxi Province, covering an area of. Sucre, Chuquisaca Department, Bolivia is a pretty good spot for generating solar energy all year round. This is because it's located in the Tropics where sunlight is consistent throughout most of the year. has registered capital of USD20 million, with first phase investment of USD55 million.
