

Timor-Leste Household Energy Storage System Quotation

Overview

To submit your quotation, please complete the attached Quotation Form and send your submission either by email to timor-lestes.org or in a sealed envelope addressed to Mr. Jose Agostinho Soares, Finance/Admin Associate, UNFPA, UN House, Caicoli Street . Request for Quotation (RFQ) No. UNFPA/TLS/RFQ/2025/007 UNFPA Timor-Leste is pleased to invite qualified and legally registered firms or institutions operating in Timor-Leste to submit a quotation for the purchase and installation of a solar panel system at Gleno BEMONC. Last week Energy Voice reported that Abadi, a similar field facility located in Kern. The state utility company Electricidade de Timor-Leste (EDTL), which became corporatized only in 2020 currently spends over USD 100 million/year as a fuel budget and electricity tariff set below the cost-recovery level is being subsidized using the central government budget allocation. Design. Global law firm DLA Piper, as part of an advisory team led by the Asian Development Bank (ADB) has advised Electricidade de Timor-Leste (EDTL) on a power purchase agreement with a consortium comprised of Électricité de France and Itochu for the development of Timor-Leste's first utility-scale solar. Will Timor-Leste's first solar power project integrate with a battery energy storage system?

In a landmark moment for Timor-Leste's energy future, a Power Purchase Agreement (PPA) has been officially signed for the country's first-ever solar power project integrated with a Battery Energy Storage. The project involves the design, construction, maintenance, and operation of a 73.7 MWac grid-connected solar photovoltaic (PV) power plant, an 80.2 MWh Battery Energy Storage System (BESS), and other ancillary facilities including a substation and connection.
