

Trinity photovoltaic panel price today

Overview

While we can't provide the Trinity Solar cost, we can provide a rough estimate. The average cost of solar panel systems in the US is about \$16,000, with a range of \$4,500 and \$36,000. With over 30 years of expertise and 125,000+ installations, our high-performance solar panels help reduce your monthly bills and increase property value by up to 24%*. Use the form below for custom quotes from local installers. Note: In July 2024, SunPower notified dealers it would be halting all new shipments and project installations. There is a solar finance option which allows the customer to own the system and make payments on it each month. They also offer energy storage with batteries, for backup power and time-of-use optimization.
