

# Turkish energy storage battery manufacturer

## Overview

---

In addition to utility companies, Türkiye has seen a rise in battery manufacturing firms dedicated to producing energy storage technologies. Companies such as Sasa Polyester Sanayi and Çimsa Çimento are working on developing battery storage solutions that cater to the country's. Batkon is an electronics and embedded software R&D team dedicated to BMS Meet Ilker and Türker that work here Batkon team develops application specific Battery Management Systems (BMS) hardware and embedded software. Our BMS products are used in micromobility such as Mini BEV, e-Forklift. At Pomega Energy Storage Technologies, we leverage our cutting-edge chemistry and technical R&D team to develop innovative energy storage solutions and high-performance lithium iron phosphate (LFP) battery cells. Our research and development efforts, driven by our vision to be an industry leader. Identify and compare relevant B2B manufacturers, suppliers and retailers HDA Power is shaping the future of energy by integrating environmental sustainability with reliable energy supply through its battery solutions. Introducing Andromeda-290AFS, our brand's air-cooled cabinet type battery energy storage system. Emerging technologies, such as lithium-ion.
