

Wind turbine industry analysis chart

Overview

The market research report provides comprehensive data (region-wise segment analysis), with forecasts and estimates in "USD million" for the period 2024-2028, as well as historical data from 2018 - 2022 for the following segments. The global wind turbine market was valued at USD 170. Growing adoption of renewable energy across major economies and strong push towards offshore wind energy will drive market growth. Investors are interested in. The Wind Turbine Market Report is Segmented by Location of Deployment (Onshore and Offshore), Capacity Rating (Small, Medium, Large, and Very Large), Axis Type (Horizontal Axis and Vertical Axis), Component (Rotor Blades, Nacelle and Drivetrain, Generator, Tower, and Power-Electronics and Control). The global wind turbine market was valued at USD 52. 99 Billion in 2026 and eventually reaching USD 88. I need the full data tables, segment breakdown, and competitive landscape for detailed regional analysis and revenue estimates.
